After three successful editions, the Signals and Systems Laboratory (SisyLab) will organize the 4<sup>th</sup> International Conference on Electrical Engineering – ICEE'2015 that will take place at the Institute of Electrical and Electronic Engineering (IGEE, ex. INELEC), University of Boumerdes, in the wonderful city of Boumerdes, from December 13<sup>th</sup> to 15<sup>th</sup>, 2015.

The ICEE'2015 aims to promote research in electrical engineering and electronics. It is an opportunity to exchange experiences and present research results in the fields of theoretical, experimental, and applied Electrical Engineering. The conference will bring together leading researchers, engineers and scientists in the domain of interest from around the world. Prospective authors are invited to submit four-page camera-ready manuscripts on topics related to, but not limited to, the following topics:

1. Control Systems Engineering
2. Power Engineering
3. Telecommunications and Signal Processing
4. Computer Engineering and applications

### Organizer:
